MODULAR ACOUSTIC FLOORING 5MM LVT

Inspire and design with color. The Color Infused Modular Acoustic Flooring collection offers a selection of three coordinating designs — Board, Batten and Buff — in eight various colorways.

Our 5mm luxury vinyl modular options are commercial-grade tile and plank formats providing sound absorption qualities without the need for an additional underlayment. The loose lay installation option makes this product easy to use in a traditional installation or with raised access flooring, and features the durability and performance of vinyl.

Technical Specification Information

TAJ Color Infused Modular Acoustic Flooring is a high-performance 5mm fiberglass reinforced product with a non-slip backing. This advanced modular construction allows for multiple installation options in a variety of commercial end use applications. Color Infused is appropriate for use over raised access floor panels, excellent for limiting sound transmission, and installs next to carpet tile without the need for transition strips.
