

ADIRONDACK BIBLE CHAPEL

LOCATION: PISECO, NY

Located in upstate New York, Adirondack Bible Chapel and Ministry Center required a sports flooring suitable for basketball and sport activities alike, in addition to hosting ongoing community events. Ed Hart, former senior pastor for the chapel commented on the installation of TAJ Motivva's Oak resilient sheet design, "We could not be happier with the floor. It's a great floor for the gym – easy on the knees – and the installers did a great job."
